TABLE OF CONTENTS

Micro Wire Products, Inc. is a diverse domestic and international manufacturer serving numerous markets. We are pleased to present our Thrift Store - Collection Bin - Material Handling Equipment Catalogue for your consideration. This catalogue presents the most popular items we provide to this marketplace.

We are custom manufacturers with a national customer base, so if you do not find what you want, let's talk about your requirements. We can manufacture most anything to meet your requirement at competitive pricing.

We would be pleased to work with your team in developing store layouts and design ideas. We have provided CAD drawings for customer use. Based on your layout, we would offer fixture pricing estimates and shipping costs. Some of our customers take advantage of our fixture installation services as well.

We strive to offer great value and service in our business friendships. Long term relations are highly valued and we will strive to deliver top quality and on time deliveries. We can also connect you with our leasing partners, should you desire to investigate those opportunities.

Thank you so much for your time and consideration.

Very truly,
Jeffrey L. Weafer, Sr.- President
Micro Wire Products, Inc.
Brockton, MA
